8. NEW BUSINESS.**9. OTHER BUSINESS.**

a. Apex Software - Cheryl Tudhope - At the request of the Select Board Cheryl Tudhope explained just what this software will do and presented an example of the resulting residential record card printout that she acquired from the Shoreham Lister Chair. Discussion ensued.

The software will allow the listers to draw the foot print diagram [square footage], that is presently on the physical lister cards, onto the computer files. The rest of the information is already in the Orwell Lister computer. Shoreham listers like the software because they simply print out these cards and place them in a booklet for reference. This way no one need go into the lister files thus preventing any damage or loss of lister files. All these files are currently public records.

Carla Ochs moved to approve Cheryl Tudhope ordering this software now to get under the cost increase deadline. Paula Barnes seconded the motion. The motion passed - 5 Yes 0 No.

b. Lease Land Property - Roland Simmons stated that the town attorney advised that the Town has no protection on leases that are less than 50 years in running. The only legal hold the Town has on these properties is on the owner of the land. Any buildings on this land need to be taxed to the property owner. Discussion followed.

Cheryl Tudhope will bring this information back to her Lister Board and look into the process of protecting the Town and the other tax payers of the Town.
